

# HOPEFULLY SEEKING SPEECH-LANGUAGE PATHOLOGISTS WHO WORK WITH CHILDREN!

*Looking for SLP participants  
for a QUICK survey related to  
the treatment of  
Selective Mutism*

## **YOU DO NOT NEED EXPERIENCE WITH CHILDREN WITH SELECTIVE MUTISM**

The purpose of this study is to collect data on SLPs familiarity and knowledge in treating children with Selective Mutism. Additionally, types of treatments and team treatment and collaboration will be addressed.

This research is approved and presented by the College of Wooster's "HSRC"
